

Kids preneurs

A project to boost children's creativity so that they can develop a creative, innovative, and entrepreneurial mindset, enabling them to propose solutions to everyday life challenges. The goal is to make them a driving force for a better future.

Program Content

personal development for children, learning to learn, public speaking, entrepreneurship simulation, and financial education for children.

THIS PROGRAM ADOPTS A PARTICIPATORY AND PRACTICAL APPROACH, ENCOURAGING ACTIVE LEARNING THROUGH FUN AND ENGAGING ACTIVITIES.

Results achieved

👩👦 14 children were trained and sensitized through dynamic, interactive workshops tailored to their age.

🇺🇪 The project was selected and funded by Fanainga+ with a grant of 1,000 euros, for a duration of 6 months, benefiting the Ambalavao Public Primary School.

By helping children discover their talents and believe in their ideas, Kidspreneurs builds the foundation of a generation capable of imagining and creating a better future for all.

Impact and Vision

Kidspreneurs is more than just a training program — it is a long-term educational vision. The project aims to:

- Extend the program to other public and private schools across Madagascar.
- Create a network of young creators and innovators.
- Promote an education focused on creativity, entrepreneurship, and social engagement.
